Will Voris to Instruct Players.

Kent Bowlers Made Wretched Scores.

Defeated by Minor League Team.

Tom Sharpey's Hot Air—Local Sporting News.

Will Voris, who played on the Cornell basket ball team, has been selected to coach for the Akron team.

He put the candidates through a sharp practice game at Assembly hall last night. With the material he believes that he can develop a winning team. The Akrons and Colonials will play an exhibition game next Monday at Assembly hall.

Next week's schedule for the handicap tournament is as follows: Tuesday, Inskeep vs. Garrett; Wednesday, Rampanelli vs. Hall; Thursday, Hard vs. Inskeep. In the Class B series, Chalmers will play Darby Monday night, and Brown and Ellison Friday night.

Rampanelli and Hanscom played at the Howard st. parlors Friday night. The final score was Rampanelli 111, Hanscom 100, giving the game to the last named who had a handicap of 25. Hard and Hanscom are now tied for first place, each having won two games.

## BOWLING.

The Dagues dispute the claim made by the Kirkwoods in reference to the games with the Magic City team. It was claimed that the Kirkwoods were the only ones to win two out of three at Brunswick. The Dagues say that they performed the same trick much earlier in the year.

The O'Neils won two out of three games from the Kents on the Grand alleys Friday night. Scores: O'Neils—674, 863, 654.

Kent—580, 652, 701.

## SHARKEY'S TERRIBLE TIME.

"When I was in the navy," said Thomas Sharkey, "I had many experiences that I will never forget. We were cruising among the South Sea Islands once and anchored near one of them for water. The captain of the ship ordered a dozen able-bodied seamen, myself included, to go ashore armed with cutlasses and kill a gang of cannibals that were roaming around on the beach. The cannibals were a hungry lot, and when they saw us approaching the beach in a rowboat they began to snuck their chops and yell like hyenas.

"Well, sir, as soon as we got out upon the beach the cannibals came at us in a bunch. I was stripped to the waist, and had me good old cutlass ready. I slashed about me right and left. I slew fifty of the guys before they knew they were alive. I cut off fingers, ears, noses, arms and legs with such speed that the mob fled, all except one big dub, who was full of fight. He was at least 7 feet tall and as strong as Sandow. He came at me full tilt. I side-stepped and left the cutlass drive. I cut his head off as clean as a whistle and threw it in his face."

"Where were the other sailors, Tom?" queried the interested hearers. "The others? Why, they were looking on, keeping time and refereeing. They had a good time, I guess." And the sailor never even blushed as he asked his audience what it would be.

## Dr. Pierce's Golden Medical Discovery.

"My husband had been coughing for years and people frankly told me that he would go into consumption," writes Mrs. John Shireman, of No. 36 1/2th Place, Chicago, Ill. "In the spring of 1898 he took measles. He caught cold, the measles then settling on his lungs, causing much terrible coughing spells, we not only grew much alarmed, but looked for the bursting of a blood vessel or a hemorrhage at almost any time. After three days' coughing he was too weak to cross the room. The doctor who lived with us on the same floor did him no good. I went to the other end of the town and visited the case to a druggist, who then handed me a bottle of Dr. Pierce's Golden Medical Discovery. My husband's recovery was remarkable in its speed. In three days after he began using Dr. Pierce's Golden Medical Discovery he was up and around and in two more days he went to work. Two bottles cured him."

Sick people are invited to consult Dr. Pierce by letter absolutely free of charge. Every letter is treated as strictly private and sacredly confidential. All answers are sent in plain envelopes without any prying upon them. Address Dr. R. V. Pierce, Buffalo, N. Y.

The longest and most hotly contested match of the championship pool tournament now being held was played last night at Boston between Sherman, of Washington, and Clearwater, of Pittsburgh, the former winning—150 to 136. Over four hours were taken up in the match, which produced by far the best pool that has yet been seen in the tournament.

Men must not spank their wives. Because he did so, James Brown, colored, 115 East North st., was fined \$5 and costs in Police Court Saturday. His trouble with his wife was at first reported Friday as a murder. "I told her to hurry up the breakfast, and what did she do but go and crawl into bed," said Brown to the Court. "I pulled her out of bed and took her across my knee and spanked her. I guess she wasn't much hurt."

## SURVEY

For N. O. T. Company.

Setting Stakes on Streets of Canton.

Canton-Akron Electric Railway Company

Also Has Its Surveyors at Work,

But Movements of the Latter Company

Are at Present Regarded as Pnzzling.

Outcome Is Awaited With Great Interest.

Regarded as Certain N. O. T. Co. Will Build Its Line.

Movements of surveyors of the N. O. T. Co. and the Canton-Akron Electric Railway company, are puzzling to Canton citizens. Surveyors of both companies are setting stakes on streets. With reference to the situation, the Canton News-Democrat says:

Residents of North Cleveland ave. are puzzled over the fact that two separate electric roadways are being surveyed along that street. One of these is for the Canton-Akron Electric railway, projected by John C. Welty and others; and the second is said to be an extension of the Northern Ohio Traction company's lines. The stake-setting for the former of these companies is being done by E. L. Chaplin's men and for the latter by Paul Brothers, of Akron.

Stakes for the Northern Traction company have been set along the west side of the avenue, beginning at the north line of Howard st. and extending parallel with the Canton-Akron company's right of way. It is understood that the Traction company is in earnest in its intention to build an interurban line between this city and Akron. The survey has already been completed from Akron to Turkeyfoot lake and the engineers are now covering the territory between Canton and the lake.

Few people believe that both of these lines will be built. Business men understand that competing lines to Akron would hardly pay operating expenses and no company would likely build a road in this case where one had already been commenced. Considering this fact is what makes this particular situation rather puzzling. The Traction company, it is said, is going right ahead as though there were no other competitors in the field. The same is true of the other company. The outcome of the matter will be watched with interest.

## "INCURABLE" HEART DISEASE SOON CURED.

During the last two or three years very great improvement has been made in the treatment of diseases of the heart. Cases formerly considered incurable, now readily yield to new remedies. The well known specialist in treating heart diseases, Frank Miles, M. D., L.L. B., of Chicago, will send \$2.50 worth of his new special treatment free to any of our afflicted readers.

This liberal offer is for the purpose of demonstrating the unusual curative powers of his new treatment for heart troubles, such as short breath, pain in the side, oppression in the chest, irregular pulse, palpitation, smothering spells, pulling of the ankles or dropsy.

They are the result of 25 years of careful study, extensive research and remarkable experience in treating diseases of the heart, stomach and nerves, which often complicate each case.

The treatments are prepared expressly for each patient, as the result is very much more certain and satisfactory.

Few physicians have such confidence in their remedies, and there is no reason why all afflicted persons should not avail themselves of this liberal offer. No death comes more suddenly than that from heart disease. Thousands die unnecessarily each year because most physicians do not understand these cases.

Mrs. Frank Smith, of Chicago, was cured of heart dropsy, after five leading physicians had given her up. Mr. Ketter, of Chicago, was cured after failure of ten able physicians. A thousand references to, and testimonials from, bishops, clergymen, bankers, farmers, and their wives will be sent free on request. These include many who have been cured after from five to twenty or more physicians and professors had pronounced them "incurable." Among them are H. A. Groce, 501 Mountain St., Ellettsville, Ill.; Mrs. Sophie Knicker, No. 29 1/2 Ave. 8, Minneapolis, Minn.; Mrs. A. P. Colburn, Blessing, Ia.; Mrs. M. B. Moreland, Rogers, O.; the president of the Chicago College, etc.

Send at once to Franklin Miles, M. D., L.L. B., 204 State st., Chicago, Ill. for free treatment before it is too late, and please mention this paper.
